

Students on the Forefront of Science

MGH Clinical Surgery Rotation

Students on the Forefront of Science

Schedule at MGH

From Madeline Shea (2018 intern)

- Arrived via Train from Andover at MGH at 7:30am
- Assigned to a different unit every day by Dr. Peter Dunn, Brooks School alumnus and parent, who is the Executive Medical Director of Perioperative Administration at MGH.
- Viewed many different types of surgeries - heart, brain, spinal, gastroenterological, C-sections
- spent time in the ICU and time in the PEDI units
