## Snow/Inclement Weather Reminder

The school does not typically suspend classes or activities during snowstorms or other extreme weather conditions. In instances of inclement weather, day student families are asked to make their own decision about the safety of travel to and from school and to notify Brooks in cases of absence due to weather-related reasons. Day students are also invited to stay over on campus if travel to or from school is questionable due to weather. Should there be a school closure, students will be notified via our RAVE text notification system and information will be posted on the school's website.
